Description

This bond refers to the EURO STOXX Select Dividend 30 Index (the underlying). It has a fixed maturity of eight years and falls due on 30. August 2024 (due date). During the life of the bond no interest accrues, and the investors do not receive any ongoing return (such as for example dividends). The redemption at the end of maturity depends on the performance of the underlying and may amount to a minimum of 95.00 % of nominal value (minimum redemption price) and to a maximum of 150.00 % of nominal value (maximum redemption price). The investor can participate in the positive performance of the underlying up to a cap

of 50.00 %. Beyond the cap investors do not participate in the positive performance of the underlying.

The redemption price is established as follows:

- (a) if the performance is at or above the cap, the bond is redeemed at 150.00 % of its nominal value (maximum redemption price);
- (b) if the performance is below the cap, then the redemption amount equals the performance of the underlying multiplied by the nominal value, but at least 95.00 % of nominal value (minimum redemption price).
