Description

This bond refers to the Solactive ERSTE Future Invest Index VC (the underlying). It has a fixed maturity of nine years and falls due on 04/10/2029 (due date). During the life of the bond no interest accrues, and the investors do not receive any ongoing return (such as for example dividends). The redemption at the end of maturity depends on the performance of the underlying and may amount to a minimum of 90.00 % of nominal value (minimum redemption price). The participation in the positive performance of the underlying is not limited by a maximum amount.

The redemption price is established as follows:

The redemption price is the sum of (i) 100.00 % of its nominal value and (ii) the participation in the positive performance of the underlying multiplied by the nominal value, but at least 90.00 % of nominal value (minimum redemption price).

Payment notes

During the life of the bond no interest accrues.

Settlement

This bond will be redeemed on 04/10/2029.

Secondary market

The bond will be issued on a continuous basis and publicly offered in Germany. From the issue date onwards the bond can basically be traded on a stock exchange or over-the-counter. Under normal trading conditions the issuer will continuously quote indicative prices. Listing at Stuttgarter Wertpapierbörse (Baden-Württembergische Wertpapierbörse) is scheduled. The decision about the admission to the respective market and the actual listing will be taken by the board of the respective stock exchanges. From admission onwards the bond can be traded on each stock exchange during trading hours.
