Description

The S IMMO AG Green Bond 2021-2028 has a term of 7 years. The interest of 1.75 % p.a. is paid annually. The redemption is at 100 % at maturity by S IMMO AG (issuer risk). S IMMO AG has no external rating.

Conflicts of interest

The issuer and/or Erste Group Bank AG may perform transactions which are not in the interest of the bondholders. Furthermore, there may be conflicts between the issuer and the bondholders for other reasons. The interests of the issuer do not meet the interests of the bondholders and future transactions by the issuer - directly or indirectly affecting the notes - may have a negative impact on the market price of the bond. Specifically, there is no restriction on the amount of additionally issued financial instruments which are issued in the same rank to the obligations of this bond. The issue of such financial instruments may reduce the funds for redemption of the bond in the event of insolvency or dissolution of the issuer and increases the probability that the issuer may or needs to refuse interest payments. Additionally, the banks participating in this bond issue (syndicate banks) and their affiliate companies operate in investment banking and commercial banking business and may become active in the future and therefore may provide services in the daily business for the issuer, which may have an influence on the bond. The issuer may - in the course of the ordinary finance activities - use the proceeds of this issue for part or full redemption of such loans at syndicate banks and their affiliate companies. Erste Group Bank AG is lead manager and receives a commission for the issuing operations. The issuer bears up to 0.425 % commission for the participating banks.
