Description

This express bond refers to the shares of LVMH Moët Hennessy Louis Vuitton SE and Kering SA. (underlyings). The bond offers an interest payment of 4.50 % based on the nominal amount on the interest payment dates. The bond comes with a fixed maturity of four years unless it is called prior to the end of maturity. The amount of redemption on the date of maturity depends on the closing price of the underlyings on the last observation day (final reference price).

Unless the bond was called early, it will be redeemed at the maturity date as follows:

- a) if the final reference price of all underlyings is at or above the final redemption barrier, the bond is redeemed at 100% of nominal value plus the interest payments that have accrued by that point in time;
- b) if the closing price of the underlying with the worst performance is below the final-redemption-barrier on the last valuation date, then investors receive a predetermined number of shares of the underlying with the worst performance (worst-of), plus the interest payment of 4.50 % for the final year. Fractions of shares are settled in cash. In this case, there is a capital loss.

#### Payment notes

This bond offers the chance of an early redemption, depending on the performance of the underlyings.

#### Settlement

This bond will be redeemed on 31/03/2026, unless the bond was called early.

#### Secondary market

The bond will be issued on a continuous basis and publicly offered in Germany, Austria and Romania. From the issue date onwards the bond can basically be traded on a stock exchange or over-the-counter. Under normal trading conditions the issuer will continuously quote indicative prices. Listing at the unofficial market of Stuttgarter Wertpapierbörse (Baden-Württembergische Wertpapierbörse) and Wiener Börse is scheduled. The decision about the admission to the respective market and the actual listing will be taken by the board of the respective stock exchanges. From admission onwards the bond can be traded on each stock exchange during trading hours.
